

May 21, 2020

Dear WMA Members and Exhibitors,

These past several months have been challenging and interesting times. How quickly things have evolved and changed our world. Due to the long-lasting developments surrounding COVID-19 and the limitations affecting the planning of our annual event, World Millwork Alliance is postponing the WMA 2020 Annual Convention & Tradeshow until 2021.

Following the review of everything that WMA has and needs to be done to ensure a successful Annual Convention & Tradeshow event; the impact of COVID-19 on millwork businesses and the event and trade show industry; and in consideration of the safety of our members, it was determined that the best option is to hold the event in 2021. The location next year will remain Mobile, AL, and WMA's website will be updated in the next few weeks with the new dates.

WMA is evaluating options to offer virtual content during the week of October 4-8, 2020. We will be communicating directly with exhibitors in the coming weeks regarding the options available for the annual event in 2021. We appreciate your patience and understanding as we begin the process in connecting with each of you personally. Should you need to contact WMA, please email us at mail@worldmillworkalliance.com.

We thank the WMA members who participated in our recent association survey, "Millwork Industry Response to COVID-19."

Our appreciation and thanks to our exhibitors and members for your patience and support over the past months.

Sincerely,
