To our valued customers,

Aaron M. Johnson joins the Bill Roberts Sales team on August 17, 2020 and brings his more than 10 years' experience in the millwork and fenestration industries. His results-oriented professional sales experience in building material sales, production, and management is consistent with the promise of excellence we make to the manufacturers we represent. He will cover the Louisiana, Mississippi and Western Tennessee territory for Bill Roberts Sales.

After graduating with a B.A. in Communications from LSU in Baton Rouge, LA and a professional sales skills training program with Dale Carnegie Sales and Communications, his first job was managing a door shop, pre-hanging interior and exterior doors. Subsequently he has marketed and wholesaled windows, doors, and moulding in one-step and two-step distribution.

Continuing to be a student of the industry from every angle, he expanded his skills while working through the ranks in management, logistics, purchasing, inside/ outside sales, even programming industry specific software.

He has a seasoned history of growth and an outstanding record of exceeding personal and corporate objectives and prides himself in being a unique and valuable resource to his customers – a reliable, solutions-oriented representative.

Aaron and his wife, Rachel, have been married for more than 15 years and are proud parents of two teenaged sons. They live in southern Louisiana and are actively involved in the music, service, and worship of their local church.

We welcome this outstanding man to our team of professional manufacturers sales representatives.
