September 2020

Attn: WMA Online Education Sponsors and Students

Important Notice: 2020 WMA Online Education Conversion

World Millwork Alliance would like to inform its members as of December 31, 2020, the current Learning Management System which supports WMA online education courses will no longer be supported by Adobe Flash.

WMA is diligently working with our education hosting company to convert our online education course modules to a new and exciting Adobe platform. We hope to have many of our online education courses converted before year-end (2020) and the remainder in early 2021.

WMA is requesting that Sponsors assign all credit hours as soon as possible and students complete the assigned courses no later than December 31, 2020. We apologize for this inconvenience; however, we want to ensure that credit hours are not lost during the conversion process and students have the opportunity and ample time to complete the course hours before the 2020 year-end.

The New Learning Management System

WMA is excited about the new learning management system (LMS) for its online education courses. Newly converted courses will continue to provide all the benefits of the leading technology to enhance the students learning experience and more. The new LMS will feature:

- Leading edge technology
- Students can take courses on mobile devices (smartphones and tablets). Both IOS (iPhone/iPad) and Android (Samsung, etc.) devices will be supported.
- Students can bookmark where they left off in the course and easily resume learning
- Courses can now scale to the device of the student’s choice
- No plug-ins required.
- Easily accessible and convenient for students.

World Millwork Alliance takes pride to ensure we provide millwork education courses that build strong and confident employees. We appreciate your patience as we continue to work at updating and enhancing our LMS.

We are here to assist our member during the conversion and transition of our online education courses. Please reference our FAQ page located on the WMA website (worldmillworkalliance.com). For assistance, please contact WMA headquarters at 727.372.3665 or email Asmith@worldmillworkalliance.com
WMA ONLINE EDUCATION CONVERSION

FAQ:

**What if I am the purchaser/manager and I have not yet assigned my hours?**

Purchased hours should be assigned to the student as soon as possible to allow ample time for the student to complete the course module(s).

**How much time will a student have to complete the course hours?**

To ensure the student does not lose their credit hours during the conversion, students should complete all course hours before December 31, 2020.

**What if a student is unable to complete the course hours before December 31, 2020 will the student lose his credit hours?**

Unfortunately, the student will lose his credit hours. The current management system for online education will no longer be supported by Adobe Flash after December 31, 2020.

**Will all WMA online education courses be converted at the same time and be available when the new eLearning System launches?**

The Millwork Principles and Practices course and Principles of Professional Selling course will be the first courses to be converted and available. Please not that other millwork online education courses, such as, the Business Practices, Spanish version of Millwork Principles and Practices, and Workplace Safety courses will not be available until later in 2021.
