

FOR IMMEDIATE RELEASE

**World Millwork Alliance Convention & Tradeshow to
Co-locate with GlassBuild America in Las Vegas in 2022**

New Port Richey, Florida (October 26, 2021) – **World Millwork Alliance (WMA)**, has announced its WMA 57th Annual Convention & Tradeshow will co-locate with GlassBuild America: The Glass, Window & Door Expo in 2022. The co-located events will take place at the Las Vegas Convention Center in Las Vegas, Nevada, October 18-20, 2022.

GlassBuild America: The Glass, Window & Door Expo represents the glass and fenestration industry, attracting all facets of the glass, window and door industries, including glass and metal system fabricators; flat glass manufacturers; full-service glass companies; residential window and door manufacturers; distributors; suppliers; contract glaziers; and architects and specifiers.

“WMA looks forward to working with NGA to explore the synergies between our events,” said Rosalie Leone, WMA president & CEO. “Several of our member supplier companies exhibit at both of our shows, and this is another opportunity to expand our horizons as our members respond to supply chain and labor challenges, among other pressures.”

“We see this new collaboration with another nonprofit trade association as a means to increase buyers and prospects for our respective trade shows,” said Nicole Harris, NGA president & CEO. “WMA members, exhibitors and attendees intersect with the foundational residential fenestration businesses represented at GlassBuild America.”

More details will be released in the coming months leading up to the co-location. Look to the event websites – worldmillworkalliance.com and glassbuildamerica.com along with WMA’s Event News and NGA’s publications, [Window+ Door](#) and [Glass Magazine](#) for more information.

###

About WMA

Established in 1963, World Millwork Alliance (WMA), worldmillworkalliance.com, is a leading global wholesale distribution association dedicated to the progression and prosperity of the millwork industry, including the support of a highly skilled workforce. WMA engages in advocacy efforts on behalf of their member-businesses, fostering a united millwork trade community that delivers innovative products and services for the benefit of the millwork industry as a whole. As the voice of the millwork industry for over 50 years, WMA provides members with networking forums and advocacy, serving as a conduit for educational and informational resources for the millwork industry.

About NGA

Founded in 1948, the National Glass Association (NGA), glass.org, combined with the Glass Association of North America (GANNA) in 2018 to form the largest trade association serving the architectural glass and

metals industry supply chain, including glazing contractors, full-service glass companies, glass fabricators, primary glass manufacturers and suppliers to the industry. NGA is a technical powerhouse that brings some of the best minds to the table to create [technical resources](#), and to promote and [advocate](#) for glass in buildings. Its [education and training resources](#) including [MyGlassClass.com](#)—and its official publications [Glass Magazine](#) and [Window + Door](#)—keep the industry knowledgeable and well informed. NGA also produces the industry's largest annual trade show in the Americas, [GlassBuild America](#), and hosts these [conferences](#): NGA Glass Conferences, Building Envelope Contractors (BEC) Conference, Glazing Executives Forum, and GPAD (Glass Processing Automation Days). NGA also has [The NGA Foundation](#) for training the industry and educating consumers about the many ways glass and glazing contribute to a safe, healthy, sustainable, and inspiring built environment.
