Lumbermen's Inc opens new location in Wixom, MI

GRAND RAPIDS, MICH. – June 27, 2023 – In an effort to expand the company's reach and to better serve our customers, Lumbermen's is proud to announce the opening of a new warehouse location in Wixom, Michigan. The location opened for pick-up orders on Monday, June 26th and will offer delivery options in the near future.

"We are really excited about this new location here in Wixom. We are hoping it is a better opportunity to service the Detroit marketplace," said new Operations Manager Dan Miller. "A lot of the business was being serviced by our Toledo location, and that will now move to the Wixom location."

Adam Spader, Sales Consultant for the Metro Detroit area, agrees that opportunities for customers have been increased with a new location with better proximity to this area of Southeastern Michigan, "The turnaround time is going to be much better now that we have a place that is local (to our customers). Not only that, but they'll have guys like myself to provide assistance to them if they need product information. We have a room upstairs that we will be able to do presentations in, partnering with our vendors, and being able to service our dealers much better.

The new warehouse is located at 49750 Martin Drive, Wixom, MI 48393. Customers who wish to utilize product pickup can contact their Lumbermen's Sales Rep, call 248-450-6369, or place an order via Lumbermen's Go.

"This location couldn't be what it is without our Toledo location, Grand Rapids, Cadillac, all doing their part in getting it going," added Miller. "I'm super excited to launch this brand new warehouse. There is still a lot of work to do, but we will be ready. We're going to be ready to service our customers, I think it is going to be a great experience for our customers, and I think they are going to love us."

About Lumbermen's Inc
