

## Evermark Boosts Global Presence with New Facilities in U.S. and Malaysia

**Suwanee, GA, September 19, 2023** — In a strategic move aimed at enhancing customer experience and delivery efficiency, Evermark has unveiled new warehouse and distribution centers in Salt Lake City, Utah, and Edinburg, Virginia. Complementing this North American expansion, the company is also announcing a cutting-edge innovation and manufacturing facility in Malaysia.

Despite some recent challenges in the U.S. economy, Evermark's recent expansion seeks to demonstrate that with the right products and a solid team, there's still room to grow and succeed.

This growth is all about making things better for customers. The expanded footprint means Evermark can get products—from stair parts to doors, jambs, and hardware—out the door and in customer's hands faster.

"Our employees are our owners, and this growth is a testament to their hard work and commitment to providing industry-leading service to every customer we serve," said George Liu, Evermark's CEO. He adds, "This isn't just about bigger spaces. It's about doing more for our customers, making sure they get what they need when they need it. Our Evermark Partner and Evermark Home customers will see the benefits straight away."

This expansion marks an exciting new chapter for Evermark and the company's customers. Evermark invites you to explore the array of products and opportunities offered by visiting <https://evermark-lnl.com>.
