

Rohden Doors Celebrates 85 Years

Salete, Santa Catarina – Brazil – (November 30, 2023) In November the Rohden Group celebrated 85 years of history, perseverance, and growth. The company has faced challenging years, but amidst all adversities, we have learned the power of collective effort, discovering that when "I" transforms into "we," you can go even further.

Looking back, the Rohden Group is grateful for everything they have overcome and achieved. This anniversary is not just a milestone on the calendar; it is a testament to our commitment, resilience, and ability to turn dreams into reality.

We are ready for the next challenges ahead because we know that collectively, anything is possible. With 85 years of history, Rohden continues to embrace challenges, always grateful for all its partnerships.
